Our Mission

At Monkey Tail Ranch, our mission is to enhance the well-being of students by providing exceptional facility dogs that support mental health and well-being on campus. Our facility dogs are meticulously raised, socialized, and trained to address the unique challenges faced by students, including stress, anxiety, and emotional difficulties.

By integrating our facility dogs into the school environment, we aim to create a calming, supportive atmosphere that fosters academic success, social interaction, and emotional resilience. We strive to build deep and meaningful relationships with the schools and communities we serve, ensuring that each facility dog becomes an integral part of the student support system. We look forward to partnering with your school to make a lasting impact on student well-being.
